

**Question on Notice**

**No. 1049**

**Asked on Thursday 16 June 2011**

**MR SEENEY** asked the Deputy Premier and Attorney-General, Minister for Local Government and Special Minister of State (Mr LUCAS) –

QUESTION:

With reference to all transit orientated developments (TOD) currently being managed or proposed by Growth Management Queensland—

Will the Minister list separately by TOD, the number of dwellings proposed, the commercial development to be included and the timeline for its development and delivery?

ANSWER:

I thank the Honourable Member for Callide for his question.

I am advised in instances where the State government is involved in the planning and delivery of TODs, proposal plans are made publicly available on the Department's website. I am further advised some of the TODs are in local Council development plans, some are in State plans and some are in private sector planning processes, but all are already publically available.
