No. 1093
Asked on 17 June 2011

MR CRIPPS asked the Minister for Health (MR WILSON)-

QUESTION:

Will the Minister outline the major medical equipment that has been placed into the nine smaller regional hospitals (Kingaroy, Innisfail, Gympie, Emerald, Atherton, Mount Isa, Roma, Cooktown, Biloela) in 2010-11, 2009-10 and 2008-09?

ANSWER:

I thank the Honourable Member for Hinchinbrook for his question.

Queensland Health are investing in new technology and cutting edge research to provide innovative approaches to healthcare, helping people get well in our communities and not just in hospital.

Examples of major medical equipment installed include: ultrasound units, medical scanners, orthopantomograms, defibrillators, mobile x-ray units and patient monitors.
