

Question on Notice

No. 112

Asked on 8 March 2011

MR Wells asked the Minister for Main Roads, Fisheries and Marine Infrastructure (MR WALLACE) -

QUESTION:

What is the projected completion date for the upgrade works currently being undertaken on Anzac Avenue at Mango Hill?

ANSWER:

I thank the Member for Murrumba for the question.

The work to upgrade the Anzac Avenue and Kinsellas Road intersection was opened to traffic on Wednesday 9 March 2011.

Works involved widening the existing intersection and re-aligning Kinsellas Road. The project also involved upgrading the existing traffic signals and lighting around the intersection to cater for future growth. The upgrade has improved safety for motorists using the intersection.

The work completed by the developer, Stockland, was required as part of the North Lakes development under an Infrastructure Agreement and will form part of the North South Urban Arterial Road
