MR NICHOLLS ASKED THE TREASURER AND MINISTER FOR STATE DEVELOPMENT AND TRADE (MR FRASER)—

QUESTION:

With reference to the 2010-11 budget speech where the Treasurer stated ‘an efficiency dividend was introduced across the government and harvested upfront’—

Will the Treasurer now provide, (for each year since the dividend was introduced) an exact break down across government as to where the savings have been made through the efficiency dividend and which departments the saving has come from (reported separately by year and for each department and by description of saving made)?

ANSWER:

I refer to Question on Notice No. 16 for the Estimates Finance and Administration Committee.
