

Question on Notice

No. 469

Asked on 7 June 2013

Ms Trad asked the Minister for Education, Training and Employment (Mr Langbroek)—

QUESTION:

With reference to Budget Paper 3, page 32 which shows a \$158.5m allocation for new capital projects, including the Government's Queensland Schools Project—

What is the specific budget allocation for the construction of ten new schools under the Queensland Schools Project, broken down by school?

ANSWER:

I thank the Member for her question.

The Queensland Schools Project is the subject of an ongoing competitive procurement process. The actual capital allocation will not be known until after the procurement is complete and a contract is awarded.

At this stage providing details of the budget allocation for the new Schools to be delivered under the Project could undermine the competition and, consequently, commercial outcomes for the State. The release of actual capital allocation for the Queensland Schools PPP Project will not be available until after the awarding of the contract.
