Asked on 26 August 2014**

MR WELLINGTON asked the Premier (MR NEWMAN)—

With respect to the ongoing uncertainty about how much money Sunshine Coast ratepayers will have to contribute to subsidise the government approved Caloundra South development—

When will the government announce what the Sunshine Coast Council's financial contribution to this new development will be?

ANSWER:

As previously advised in April this year, the State Government, Sunshine Coast Regional Council and the developer are continuing to work together to progress a resolution for infrastructure matters in relation to Caloundra South. All three parties are working collaboratively to prepare an Infrastructure Agreement for Caloundra South that will ensure the ratepayers of the Sunshine Coast bear no unreasonable costs.
