

Question on Notice
No. 523
Asked on 14 July 2015

MR CRANDON asked the Minister for Health and Minister for Ambulance Services (HON C R DICK)—

Will the Minister detail the total number of Queensland Health public dental patients who have been waiting for a period greater than two years (long wait) as at the end of each quarter from March quarter 2012, through to June quarter 2015?

ANSWER:

I thank the Honourable Member for Coomera for his question.

Since 2011, the Hospital Performance website has published a range of data on the activity and performance of a number of health service areas, including waiting time data for public oral health services.

I can advise the Member that as at 30 June 2015, no person had been waiting longer than two years on the general care waiting list.
