

Question on Notice
No. 725
Asked on 17 July 2015

MR SPRINGBORG asked the Minister for Health and Minister for Ambulance Services (HON C R DICK)—

With reference to the Hunter Review for the Department of Health, that determined that ‘between March 2012 and January 2015, 4243 full-time equivalent permanent Queensland Health staff had their public sector positions abolished and were paid a redundancy’—

Will the Minister provide details on how many of these people had been written to, in the 12 months prior to March 2012, inviting them to apply for a VER?

ANSWER:

I thank the Honourable Member for Southern Downs for his question.

I am advised that details relating to the Voluntary Separation Program are contained in the Queensland Health Annual Report 2011-12.
