

**Question on Notice**  
**No. 993**  
**Asked on Wednesday 14 October 2015**

**MS LINARD** ASKED THE MINISTER FOR HOUSING AND PUBLIC WORKS AND MINISTER FOR SCIENCE AND INNOVATION (HON L ENOCH) —

Will the Minister advise how much funding the Palaszczuk Government is investing in housing and homelessness in my electorate of Nudgee?

**ANSWER**

The Palaszczuk Government is committed to the provision of housing and homelessness services in Queensland. This government understands that housing is an important foundation for a person to achieve other vital outcomes such as quality health and education, and strong employment opportunities.

The Department of Housing and Public Works is providing Housing and Homelessness services statewide through a number of measures. In 2015-16, the original budget allocations for housing and homelessness across Queensland include:

- \$394.5 million in capital funding for social housing including:
  - new construction
  - purchase of existing homes and land
  - property upgrades (includes major refurbishment activities of a capital nature to kitchens, bathrooms, laundries and new fencing; disability modifications for people with specific needs; and installation of new products to improve amenity and security such as insulation to ceilings and walls and security screening).
- \$245.7 million in maintenance for social housing including:
  - responsive repairs to rectify breakdown of components and incidental damage resulting from storm, flood, cyclone and fire or termite damage
  - planned maintenance, inclusive of cyclical statutory and mandatory services, internal and external painting and replacement of “like for like” property elements such as floor coverings and fencing, where already existing.
  - property maintenance to restore vacant dwellings for new tenants.
- \$265.3 million in Housing and Homelessness services, for example:
  - accommodation and support to people experiencing homelessness or at risk of homelessness (Specialist Homelessness Services)
  - support for eligible people to remain living in their home by providing critical home maintenance and addressing safety issues (Home Assist Secure)
  - provision of transitional housing to eligible social housing applicants (Community Rent Scheme)
  - private market assistance including bond loans, RentConnect and National Rental Affordability Scheme.

In the State electorate of Nudgee, the Department of Housing and Public Works is investing approximately \$15.6 million in Housing and Homelessness which includes:

- \$6.97 million in Capital funding
- \$3.929 million on maintenance in Public Housing, the Indigenous Housing Program and Community Housing
- \$4.7 million in Housing and Homelessness services.

This includes funding for non-government organisations to deliver specialist homelessness services aimed at both reducing the number of homeless people and the number of people becoming homeless in Queensland.
