MR MILLAR ASKED THE MINISTER FOR EDUCATION AND MINISTER FOR TOURISM AND MAJOR EVENTS (HON K JONES) —

#### QUESTION:

Will the Minister advise for the 2016-17 financial year the (a) total school maintenance budget for all state schools in the electorate of Gregory and (b) an individual breakdown of the maintenance budget for each school in the electorate of Gregory, and how it compares to the 2015–16 financial year?

### ANSWER:

The Palaszczuk Government is delivering a record \$780 million four-year investment in state school maintenance.

This investment is helping address a \$260 million school maintenance backlog we inherited from the former Newman LNP Government. Already we have reduced this backlog by more than \$70 million.

Schools across Queensland receive a maintenance allocation directly to the school with funding also held in centrally managed programs. Schools prioritise identified maintenance at a local level and address with available maintenance funding according to need. At a school level, maintenance funding typically fluctuates from one year to the next as projects are identified and then completed.

Rather than looking at annual assessments, the Department of Education and Training is adopting an Annual Life Cycle Assessment (ALCA) approach in conjunction with a whole-of-Government approach, being driven by the Department of Housing and Public Works, which will look at 10 year life cycles. This means that maintenance projects will no longer be considered in isolation, but from a long-term whole-of-school perspective. Under the new asset life cycle approach schools will be able to plan more efficiently. Maintenance budgets can also be saved across financial years to allow schools to undertake larger projects.

Provided below are details for allocated funding reported separately by school in the Gregory Electorate for the 2015–16 and 2016–2017 financial years.
