MR HART asked the Minister for Health and Minister for Ambulance Services (HON C R DICK)

—

With reference to the sale of the government owned property located at 18 Park Avenue, Burleigh Heads—

Will the Minister advise who the property was sold to and how much the property was sold for?

ANSWER:

I thank the Honourable Member for Burleigh for his question.

The acquisition and disposal of parcels of land is guided by continued assessment of policy priorities and need, and is part of the ordinary business of government. This has been the practice of successive Queensland Governments.

I am advised that the property located at 18 Park Avenue, Burleigh Heads was purchased by a private party at a public auction, conducted on 22 September 2016 for \$1,150,000 (excluding GST).
