

Question on Notice

No. 126

Asked on Thursday, 16 February 2017

MR P WEIR asked the Deputy Premier, Minister for Transport and Minister for Infrastructure and Planning (HON J TRAD) —

QUESTION:

Will the Deputy Premier advise (a) how many grain wagons have been found to be defective and in need of repair at the Toowoomba Rail depot, (b) what plans does Queensland Rail have to address the defective grain wagons and (c) what is the timeframe for grain wagons to be repaired?

ANSWER:

I thank the Member for Condamine for the question.

Queensland Rail, as an operator of passenger and infrastructure maintenance services, does not own grain wagons.
