

Question on Notice

No. 16

Asked on 14 February 2017

MR BENNETT asked the Deputy Premier, Minister for Transport and Minister for Infrastructure and Planning (HON J TRAD) –

QUESTION:

Will the Deputy Premier detail whether anticipated proceeds from the sale of the Carseldine Urban Village site, currently being considered under the advancing our cities and regions strategy, have been factored into budget forecasts, including the forecast amount the government expects to receive?

ANSWER:

I thank the Honourable Member for Burnett for the question.

I can confirm that any revenue from the Carseldine Urban Village has not been factored into budget forecasts, including any forecast amount to government.

The renewal of this precinct is being managed by Economic Development Queensland within the Department of Infrastructure, Local Government and Planning, through the Economic Development Fund. Revenue from the project will be applied by Economic Development Queensland to deliver further projects that advance the outcomes and objectives of the *Advancing our cities and regions* strategy, for the benefit of communities throughout Queensland.
