

**Question on Notice**  
**No. 80**  
**Asked on 15 February 2017**

MR PERRETT asked the Minister for Health and Minister for Ambulance Services (HON C R DICK) –

With reference to the release of the Gympie Hospital masterplan in February 2016, which included a commitment to deliver an onsite CT scanner at the Gympie Hospital in early 2017, and given the government delayed the release of the plan by 12 months and the subsequent advice that the installation of the CT scanner was reliant on building modifications—

Will the Minister advise if the building modifications have been completed and when will Gympie have its much needed CT scanner?

ANSWER:

I thank the Honourable Member for Gympie for his question.

I am advised the CT scanner at Gympie Hospital is on target to be installed in accordance with the timeframe stated by the Chief Executive of the Sunshine Coast Hospital and Health Service as reported in the Sunshine Coast Daily on 11 February 2016.
