Asked on 5 September 2018

MS S BOLTON ASKED THE MINISTER FOR FIRE AND EMERGENCY SERVICES
(HON C CRAWFORD)—

QUESTION:

With reference to Automated External Defibrillators (AED) being installed throughout local communities— Will the Minister advise if there are any plans to create a central register of AED locations for use by emergency services, as well as by members of the public?

ANSWER:

I thank the Member for the question.

The installation of Automatic External Defibrillators (AED) in local communities is a matter for the Minister for Health and Minister for Ambulance Services.

There are no plans for Queensland Fire and Emergency Services to create a central register of AED locations for use by emergency services, as well as by members of the public.
