Asked on 18 September 2018

Mrs D Frecklington asked Premier and Minister for Trade (Hon. A Palaszczuk)—

QUESTION:

With reference to Ministerial charter letters—

Will the Premier advise (a) when Minister Dick and Minister Jones' charter letters will be reissued to reflect the change in responsibility to deliver the initiatives in the North Stradbroke Island Economic Transition Strategy and (b) does the Premier have confidence in Minister Dick to get the job done?

ANSWER:

The Minister for State Development, Manufacturing, Infrastructure and Planning, and the Minister for Innovation and Tourism Industry Development and Minister for the Commonwealth Games are key members of my economic team who have been delivering, and will continue to deliver, the government's jobs agenda.

The key priorities in their charter letters remain the same: create jobs in a strong economy, ensure a great start for our children, improve the health of Queenslanders, support safe communities, protect the Great Barrier Reef and ensure a responsive government. I want them to drive jobs growth across Queensland, including for North Stradbroke Island, which is on the cusp of a bright new future once sandmining ends.

Further, we will continue to work with the Quandamooka people to ensure that the island's traditional owners have an opportunity to help determine this new future.

The North Stradbroke Island Economic Transition Strategy will continue to be overseen by a high-level ministerial team which includes the Deputy Premier, Treasurer and Minister for Aboriginal and Torres Strait Islander Partnerships, the Minister for Natural Resources, Mines and Energy and the Minister for Employment and Small Business and Minister for Training and Skills Development, as well as Minister Dick and Minister Jones.
