MR S KNUTH ASKED MINISTER FOR TRANSPORT AND MAIN ROADS (HON M BAILEY)—

QUESTION:

Will the Minister advise if the State Government intends to include the Kuranda Range in their submission to the Federal Government's National Land Transport Network review to assist with funding for this long overdue vital road upgrade?

ANSWER:

I thank the Member for Hill for the question.

I can advise that the Queensland Government submission did not seek to extend the National Land Transport Network to include the Kuranda Range.

The Member for Hill may care to note:

- declaring a section of road as part of the National Land Transport Network does not necessarily attract additional federal funding
- legislatively, the Australian Government is not precluded from funding off-National Land Transport Network projects on either state or local government roads.
