MR D BATT ASKED MINISTER FOR POLICE AND MINISTER FOR CORRECTIVE SERVICES (HON M RYAN)—

QUESTION:

Will the Minister advise the number of police call-outs to state schools from 2014-15 to 2017-18 (reported separately by police district and year)?

ANSWER:

I am advised by the Queensland Police Service (QPS) that, while large volumes of data can be easily and readily extracted from the police records management system, this system is not designed for reporting along these specific lines. As such, QPS has advised that this information cannot be provided at this time.

However, I can advise that police work closely with schools right across Queensland to ensure students, parents, staff and the wider school community are safe.

School-based police officers also maintain safety and security at many schools throughout Queensland.
