

## QUESTION ON NOTICE

No. 1514

asked on Tuesday, 30 October 2018

---

**MR J COSTIGAN** ASKED THE MINISTER FOR NATURAL RESOURCES, MINES AND ENERGY (HON DR A LYNHAM)—

QUESTION:

Will the Minister advise what government owned land is currently available between Airlie Beach and Cannon Valley that could be large enough to accommodate a future P-12 school?

ANSWER:

Following initial analysis of the Government Land Register for land in the Airlie Beach to Cannon Valley area, the Department of Natural Resources, Mines and Energy has not identified any state land parcels that appear to be of a suitable size and topography for a future P-12 school.

Should the member wish to discuss the need for a new school in the Airlie Beach to Cannon Valley area, my colleague, the Honourable Grace Grace MP, Minister for Education and Minister for Industrial Relations would be willing to discuss the matter further with him.
