MR T NICHOLLS ASKED THE MINISTER FOR NATURAL RESOURCES, MINES AND ENERGY (HON DR A LYNHAM)—

QUESTION:

Will the Minister advise whether he is aware of any proponents failure to meet the terms of a transfer of a mining lease in Queensland and if so, why the department has not insisted on compliance with these terms?

ANSWER:

If a condition is required as part of a transfer indication, the delegate will not approve the transfer until reasonably satisfied that the terms of that transfer indication have been met.
