

## **Question on Notice**

No. 1650

Asked on 17 October 2019

**MR S ANDREW** asked the Minister for Health and Minister for Ambulance Services (HON DR S MILES) –

### **QUESTION**

Will the Minister advise (a) why the Central Queensland Hospital and Health Service Annual Report provides Severity Assessment Code (SAC) Level 1-4 data, whilst Mackay Hospital and Health Service does not and (b) what measures will be taken to correct this situation?

### **ANSWER**

The 16 Hospital and Health Service (HHS) 2018-2019 Annual Reports provide data consistent with the SDS. The effectiveness measures include patient safety targets related to patient outcomes.

As individual statutory bodies, each HHS sets out its strategic priorities, objectives and measures and is responsible for its own annual report.

The Central Queensland HHS opted to report the number of Level 1-4 SAC data for the reporting period.
