

Question on Notice

No. 1833

Asked on 26 November 2019

MS R BATES asked the Minister for Health and Minister for Ambulance Services (HON DR S MILES) –

QUESTION

With reference to the new accounts payable desk put in place following the replaced FAMMIS IT ordering system—

Will the Minister provide a list of the top ten individual amounts owed to businesses (without mentioning the company name) as at 1 November 2019?

ANSWER

Queensland Health receives invoices from vendors through multiple different avenues. Neither the previous FAMMIS system nor the new system generates lists in a manner that would accurately reflect individual amounts owed at a specific historical point in time.

Invoice payment is managed against standard government payment terms, which means that even though an invoice has been received by Queensland Health, it may not yet be due for payment.
