MR E SORENSEN asked the Minister for Health and Minister for Ambulance Services (HON DR S MILES) –

QUESTION

Will the Minister outline the annual expenditure and staffing allocation for the Geriatric Rehabilitation and Liaison Service for 2016-17 to 2019-20 reported separately by financial year?

ANSWER

Hospital and Health Services are responsible for ensuring the provision of public health care services as outlined in their respective Services Agreements. I am advised that providing annual expenditure specific to Geriatric Rehabilitation and Liaison Services is not possible.

I can however advise that all Hospital and Health Services across Queensland offer a variety of rehabilitation services including rehabilitation for older people. Rehabilitation services are based on individual patient's needs, goals and ability to participate, with age being an exclusion criterion for general rehabilitation services.
