

**Question on Notice**

**No. 338**

**Asked on Wednesday 18 March 2020**

**MR S ANDREW** ASKED MINISTER FOR TRANSPORT AND MAIN ROADS (HON M BAILEY)—

**QUESTION:**

With reference to the new traffic cameras used for mobile phone infringements—

Will the Minister advise whether these camera systems are capable of facial recognition and will they be used by any agency as a surveillance tool on the general public?

**ANSWER:**

I thank the Member for Mirani for the question.

The Queensland Government has previously announced that there will be a trial of traffic cameras for detecting mobile phone offences in 2020. These traffic cameras are not capable of facial recognition and will not be used as a surveillance tool on the general public.
