

## Question on Notice

No. 68

Asked on 5 February 2020

**MS R BATES** asked the Minister for Health and Minister for Ambulance Services (HON DR S MILES) –

### QUESTION

Will the Minister provide the number of Queenslanders who waited longer than the clinically recommended waiting time for elective surgery (for category 1, 2 and 3) in 2018-19 (reported separately by hospital)?

### ANSWER

Queensland Health publicly reports hospital performance on the Hospital Performance website. This contains detailed, up-to-date and regular information on the activity and performance of Queensland Health's hospitals.

In regards to the data that the Department of Health is able to provide relevant to the Member's question:

- a) the number of patients who were waiting to receive elective surgery on the first day of a given month during 2018-19, and had been waiting longer than clinically recommended (reported separately by hospital) is publicly available on the Queensland Government Open Data Portal; and
- b) the number of patients who received elective surgery during 2018-19, and waited longer than clinically recommended to receive that surgery (reported separately by hospital) can be calculated from the figures that are publicly available on the Queensland Government Open Data Portal and is set out in the table below.

Hospital	Category 1				Category 2				Category 3			
	Number of patients treated	Percentage of patients treated within clinically recommended time	Number of patients treated within clinically recommended time	Number of patients treated beyond clinically recommended time	Number of patients treated	Percentage of patients treated within clinically recommended time	Number of patients treated within clinically recommended time	Number of patients treated beyond clinically recommended time	Number of patients treated	Percentage of patients treated within clinically recommended time	Number of patients treated within clinically recommended time	Number of patients treated beyond clinically recommended time
