

Question on Notice

No. 120

Asked on Thursday, 25 February 2021

MR T WATTS ASKED THE MINISTER FOR THE ENVIRONMENT AND THE GREAT BARRIER REEF AND MINISTER FOR SCIENCE AND YOUTH AFFAIRS (HON M SCANLON)—

QUESTION:

With reference to Queensland Government operations greenhouse gas emissions—

Will the Minister advise the sum of emissions and percentage of total for each department for (a) 2018-19, (b) 2019-20 and (c) to date for 2020-21?

ANSWER:

I thank the Member for the question.

The Department of Environment and Science and the Department of Energy and Public Works are responsible for the collection, validation and publication of the Queensland Government's operational emissions data.

The datasets requested by the Member are not yet available. The 2018-19 and 2019-20 datasets for Queensland Government operations emissions are currently being reviewed as part of the Government's quality assurance process. Once this review is completed, the data will be published on the Government's Open Data Portal.
