Asked on 9 March 2021

MR D PEGG ASKED MINISTER FOR EDUCATION, MINISTER FOR INDUSTRIAL RELATIONS AND MINISTER FOR RACING (HON G GRACE)

QUESTION:

Will the Minister provide an update on the installation of air-conditioning at schools in the electorate of Stretton?

ANSWER:

Reaching completion at the end of June 2022, the \$477 million *Cooler Cleaner Schools Program* (CCSP) will provide air conditioning to Queensland state school classrooms, libraries and staff rooms in some 650 state schools, making an additional 10,000 classrooms cooler and more comfortable.

Under the CCSP, the following six schools in the Stretton Electorate were assessed as having at least one classroom, library or staff room that was not air conditioned and are on target to be completed by June 2022, as previously announced.

School
Kuraby Special School
Kuraby State School
Runcorn Heights State School
Runcorn State High School
Stretton State College
Sunnybank Hills State School
