MR M HART asked the Deputy Premier and Minister for State Development, Infrastructure, Local Government and Planning (HON S MILES) –

QUESTION:

Will the Deputy Premier advise if any existing or future stages of Gold Coast Light Rail have or will require an Environmental Impact Statement?

ANSWER:

Gold Coast Light Rail is not, at this time, a coordinated project under the *State Development and Public Works Organisation Act 1971* and as such an Environmental Impact Statement is not required.

As Gold Coast Light Rail falls under the responsibility of the Department of Transport and Main Roads, I refer the Member to the Honourable Mark Bailey MP, Minister for Transport and Main Roads.
