No. 568

Asked on 12 May 2021

MR S MINNIKIN ASKED MINISTER FOR TRANSPORT AND MAIN ROADS (HON M BAILEY)—

QUESTION:

Will the Minister list all bridges in Queensland with a similar design to the Barron River Bridge at Kuranda and for each of these bridges the date of the last inspection and the reported condition at that time?

ANSWER:

I thank the Member for Chatsworth for the question.

The Department of Transport and Main Roads (TMR) always prioritises safety of the travelling public on the road network. The Barron River Bridge was constructed in the 1960s and is bespoke in its design, no other TMR bridges have been constructed with a similar design.
