

Question on Notice

No. 689

Asked on Wednesday 26 May 2021

MS A LEAHY asked the Deputy Premier and Minister for State Development, Infrastructure, Local Government and Planning (HON S MILES) –

QUESTION:

With reference to the Maturing Infrastructure Pipeline Program (MIPP) 1 and 2—

Will the Deputy Premier advise of allocations that have been approved, the financial year the projects were commenced and completed, total project cost, the recipient and project description (reported separately) and if there are any funds remaining in MIPP program?

ANSWER:

Local government projects that were funded under the two phases of the MIPP have been included in Attachment 1, which provides details regarding the financial year the projects commenced and were completed, total project cost, the recipient and project description.

MIPP Phase 1 included the assessment, by industry, of proposals and opportunities identified in the State Infrastructure Plan. These results were provided to state agencies and relevant local governments to inform their planning and budgetary processes.

All program funds have been committed and no funds are remaining for allocation.

Attachment 1 - Maturing the Infrastructure Pipeline Program (MIPP) local government projects

Recipient	Project title	Project description	Project cost (excl GST)	Project commenced	Project completed	Phase
Aurukun Shire Council	Strategic Planning for Aurukun Airport	Strategic planning study for the Aurukun Airport to meet future passenger demand, address compliance and amenity issues	200,000	2018-19	2019-20	2
Balonne Shire Council	Sustainable Multi-User Hub	Development of a business case for a combined library and learning and business hub model in St George to deliver sustainability and synergies of service outcomes	104,545	2018-19	2019-20	2
Banana Shire Council	Gogango Bridge Business Case	Development of a business case and detailed design to replace the existing timber bridge at Wowan Westwood Road crossing of Gogango Creek due to safety issues	85,660	2018-19	2019-20	2
Banana Shire Council	Waste Management Masterplan	Development of a Masterplan to create a sustainable future for waste management infrastructure within Banana Shire	90,909	2018-19	2020-21	2
Barcaldine Regional Council	Strategic Planning for The Globe Precinct	Strategic planning for the construction of a new library including a digital hub, history research room and training space at The Globe precinct in Barcaldine	90,909	2018-19	2018-19	2
Barcoo Shire Council	Power Supply to Stonehenge	Strategic planning for the connection of power to the town of Stonehenge	40,201	2018-19	2019-20	2
Blackall-Tambo Regional Council	Energy generation project	An investigation to identify opportunities for alternative power supply for the BTRC region that supports both improved reliability of supply and enables further commercial and economic development within the region.	100,645	2017-18	2018-19	1
Blackall-Tambo Regional Council	Trucking Heritage Cultural Tourism Attraction Business Case	Development of a business case to progress a Cultural Tourism attraction in Tambo, which showcases and narrates the region's significant trucking heritage.	38,217	2018-19	2019-20	2

Burdekin Shire Council	Detailed Design of a Macro-Algal Bioremediation Facility	Development of a detailed design of a macro-algal bioremediation facility for potential reduction in nutrient discharges from the Ayr/Brandon Wastewater Treatment Plant	123,636	2018-19	2020-21	2
Burke Shire Council	Realignment and Raising of the Leichardt River Crossing - Detailed Design	Development of a detailed design of the realignment and raising of the Leichardt River crossing of the Savannah Way which provides connectivity of regional communities	205,000	2018-19	2019-20	2
Cairns Regional Council	Cairns Gallery Precinct	Development of a business case to transform three existing heritage listed buildings within the Cairns City Centre to create a dynamic and world class gallery precinct	274,400	2018-19	2018-19	2
Cairns Regional Council	Mount Peter Water Infrastructure	An investigation to determine the most suitable and/or flexible options to provide sustainable water supply services to the priority growth area of Mount Peter, the refurbishment of existing assets as part of the long term strategy is to be considered as part of the options assessment.	42,205	2017-18	2018-19	1
Carpentaria Shire Council	Strategic Planning - Expansion of Tourism Industry within the Shire	Strategic planning to identify key infrastructure requirements and development opportunities for expansion of the Tourism industry within the Shire	163,636	2018-19	2020-21	2

Recipient	Project title	Project description	Project cost (excl GST)	Project commenced	Project completed	Phase
Cassowary Coast Regional Council	Cassowary Coast Integrated Freight and Logistics Facility Strategy	A feasibility study to investigate the potential interaction of the Mundoo airport with road, rail and port infrastructure and supply chains for an integrated freight and logistics facility	107,597	2018-19	2019-20	2
Central Highlands Regional Council	Emerald Entertainment, Events and Evacuation Centre	An investigation to determine the potential of a multipurpose precinct that can offer family friendly greenspace and cater for the following services and facilities: entertainment and events facility (1000 seat auditorium), appropriate parking and set down capacity, RV parking and dump point facility inclusive of amenities.	38,126	2017-18	2018-19	1
Central Highlands Regional Council	Emerald Saleyards Upgrades	Development of a long term saleyards upgrade strategy that includes, scope supply/ infrastructure needs for new spelling yards based on future requirements, reconfiguration and improvements to provide a safer work environment for workers dealing with cattle, installation of a double decker dump ramp and need for hay shed improvements to reduce losses from wet weather.	65,448	2017-18	2018-19	1
Central Highlands Regional Council	Yamala Enterprise Area	An investigation and assessment around the provision of infrastructure to support the emerging special industry area at Yamala	81,610	2018-19	2019-20	2
Central Highlands Regional Council and Isaac Regional Council	Bedford Weir Crossing	An investigation into the options available to improve the existing Bedford Weir Crossing including improvement of safety, flood resilience and flood immunity to reduce isolation and foster development and growth of the region.	29,266	2017-18	2018-19	1
Cherbourg Aboriginal Shire Council	CASC Council administration building business case	Development of a business case and concept design for the redevelopment of the Cherbourg Aboriginal Shire Council administration building with a focus on improved services to the community and enhanced employment opportunities	72,727	2018-19	2020-21	2
Cloncurry Shire Council	Cloncurry Sewage Treatment Plant Upgrade - Detailed Design	Development of a detailed design for the upgrades at the existing Sewage Treatment Plant at Cloncurry to achieve licence compliance, safety and longevity and the needs of future growth	584,193	2018-19	2019-20	2
Cook Shire Council	Charlotte and Adelaide Streets	Development of a detailed design of the upgrade to Cooktown's main street, Charlotte Street, including the formation of a shared cycle/pedestrian lane on Adelaide Street for safety, tourism opportunities and increasing town overall liveability	341,485	2018-19	2020-21	2
Croydon Shire Council	Mountain Bike Trail Network - Business Case	Development of a business case to determine the economic benefits of building a mountain bike trail network in the Croydon Shire	27,273	2018-19	2018-19	2

Recipient	Project title	Project description	Project cost (excl GST)	Project commenced	Project completed	Phase
Diamantina Shire Council	Business Case for the Eyre Development Road Pavement Sealing	Development of a business case to seal the Eyre Development Road	90,909	2018-19	2020-21	2
Douglas Shire Council	Douglas Shire Water Resilience	An investigation of the options available to supply an alternative raw water intake, which offers a more resilient water supply, to assist with the dry season water delivery.	50,565	2017-18	2018-19	1
Douglas Shire Council	Teamsters Park	Development of a masterplan and design to progress the Teamsters Park project to create a recreational and nature-based gateway to the World Heritage listed Wet tropics, Daintree National Park and resort town of Port Douglas for the RV market	50,831	2018-19	2019-20	2
Etheridge Shire Council	Gilbert River Irrigation Project	Development of a business case for the construction of an irrigation scheme on the Gilbert River that distributes high reliability water to a minimum of 20,000ha of irrigable land	1,968,794	2018-19	2019-20	2
Flinders Shire Council	Porcupine Gorge National Park Tourism Infrastructure Project	An investigation into the options available to upgrade facilities at Porcupine Gorge National Park including; lookout to provide 'skywalk' viewing opportunities, gorge river walks, cabin and safari tent accommodation (private investment opportunity) managed access to rock art sites (traditional owner tours), expansion of existing camp grounds and road sealing.	251,289	2017-18	2018-19	1
Flinders Shire Council	Storm Water Management Plan	Development of a Storm Water Management Plan to improve the sustainability and amenity value of the Flinders Shire urban stormwater management systems and maximise the environmental, social and economic benefits to the community	31,818	2018-19	2020-21	2
Fraser Coast Regional Council	Burnett River (Paradise Dam) to Howard water supply pipeline	An investigation to determine the long term water security for the Fraser Coast region.	134,504	2017-18	2018-19	1
Fraser Coast Regional Council	Interconnection of Hervey Bay and Maryborough water supply schemes	A feasibility study to interconnect water supply schemes to improve the risk position of both supplies and facilitate improved coordination to support a number of possible operational scenarios.	86,840	2017-18	2018-19	1
Fraser Coast Regional Council	Planning Study into Marine and Land Based Infrastructure	A Planning Study into Marine and Land based infrastructure to support tourism industry growth and development on the Fraser Coast	181,818	2018-19	In progress	2
Gladstone Regional Council	Waste to Energy	Development of a waste management and resource recovery strategy for a large-scale waste to energy facility that would divert a wide range of organic waste from landfill to generate power while delivering significant economic and environmental benefits to the Gladstone community	147,239	2018-19	2019-20	2

Recipient	Project title	Project description	Project cost (excl GST)	Project commenced	Project completed	Phase
Goondiwindi Regional Council	Centre for Agricultural Excellence Feasibility	A feasibility study to determine the viability of a Centre for Agricultural Excellence to develop and commercialise solutions for agricultural producers and associated industry	79,195	2018-19	2019-20	2
Gympie Regional Council	Gympie Gateway Employment Hub	Comprehensive planning, strategic economic positioning study and infrastructure needs analysis to establish a future vision for the proposed Gympie Gateway Employment Hub	181,818	2018-19	2020-21	2
Hinchinbrook Shire Council	Forrest Beach Sewerage Scheme - Staged approach	An investigation into the options available to develop a practical and sustainable solution to sewerage the beachside communities of the region, with an initial focus on the Forrest Beach township.	52,716	2017-18	2018-19	1
Hinchinbrook Shire Council	Herbert River Intake Weir and Treatment System	An investigation into the options available to supply clean water to the Hinchinbrook Shire in order to meet future capacities and demands for the region, including during heavy rainfall and flooding of the Herbert River when water quality becomes an issue due to the high turbid nature of the river system.	59,134	2017-18	2018-19	1
Hinchinbrook Shire Council	Lucinda Long Term Marina Access Project	A feasibility study to determine the potential to develop a small marina with improved launch and retrieval infrastructure to provide safe all tidal marine access for locals and visitors.	69,855	2017-18	2018-19	1
Hinchinbrook Shire Council	Palm Creek Bridge	Development of a detailed design of bridge along Dutton Street to lower the risks associated with the flooding of Palm Creek which divides north and south Ingham in flood events	259,911	2018-19	2020-21	2
Hope Vale Aboriginal Shire Council	Everlina Bridge Reconstruction	A structural assessment, design and construction plans and engineering designs for reconstruction of the Everlina Bridge used by tourists and residents and regularly impacted by flood events	59,091	2018-19	2019-20	2
Ipswich City Council	Ipswich Football Stadium	Development of a business case for the development of a major regional outdoor stadium at the North Ipswich Reserve to meet the growth of Ipswich Region	53,310	2018-19	2019-20	2
Isaac Regional Council	Clermont Sustainable Water Strategy	Update to the Clermont Sustainable Water Strategy with additional data and analysis to be incorporated into a review and as an addendum.	460,000	2018-19	2019-20	2
Isaac Regional Council	Moranbah Sewer Condition Assessment	Undertake a condition assessment of sewers to determine the full extent of the structural and service compromised sewers in Moranbah and in the region	66,000	2018-19	2019-20	2
Kowanyama Aboriginal Shire Council	Community Prioritisation Plan	An investigation to determine the infrastructure and building needs required to service the Kowanyama community (1200 residents) and provide Council with a priority list of the types of infrastructure and buildings necessary to meet the communities needs in the immediate, medium and long-term future.	99,814	2017-18	2018-19	1

Recipient	Project title	Project description	Project cost (excl GST)	Project commenced	Project completed	Phase
Kowanyama Aboriginal Shire Council	Kowanyama Airport Terminal Detailed Design	Development of a detailed architectural drawing for the proposed Kowanyama Airport Terminal to support the increased demand in local tourism	109,091	2018-19	2019-20	2
Livingstone Shire Council	Causeway Lake revitalisation and development project	A feasibility study to revitalise Causeway Lake to restore and enhance environmental and recreational functionality for the community.	27,769	2017-18	2017-18	1
Lockyer Valley Regional Council	Lockyer Valley and Somerset Water Security Scheme Business Case	Development of a business case for the creation of a water pipeline distribution infrastructure network to ensure long term water security for agriculture sustainability and regional growth in the Lockyer Valley and Somerset	1,227,462	2019-20	2020-21	2
Logan City Council	Active Transport Link Connecting Laurinda Crescent to Carol Avenue – Detailed Design	Development of a detailed design of an active transport link (pedestrian and cycle shared pathway) within Springwood	68,182	2018-19	2019-20	2
Longreach Regional Council	Waste Management Strategy	Development of a Waste Management Strategy to inform future decisions regarding the management of Council's waste operations for a 50-year horizon	151,044	2018-19	2020-21	2
Mackay Regional Council	Mackay Waterfront PDA Infrastructure Investigations	Undertake a program of studies, investigations and detailed designs of various infrastructure components within the Mackay Waterfront PDA to support and inform the prioritisation of individual precincts and future projects	162,143	2018-19	2019-20	2
Mapoon Aboriginal Shire Council	Mapoon Marine Facilities	Detailed planning for an expansion to the current boat ramp and car parking area at Cullen Point to enable new ferry service and tourism opportunities, improved efficiency of freight and local re-supply services and community resilience	90,909	2018-19	2019-20	2
Maranoa Regional Council	Stormwater Infrastructure Upgrade Design Project Roma	Development of a detailed design and further modelling to determine the performance of stormwater infrastructure under a range of storm durations and downstream boundary conditions	450,687	2018-19	2020-21	2
Mareeba Shire Council	Mareeba Water Pressure Improvement	An investigation to assist Council in establishing a long term supply strategy that considers the life-cycle costs and benefits of two main options; provision of a new water treatment facility or an upgrade of an existing water treatment plant with associated network upgrades.	48,151	2017-18	2018-19	1
Mareeba Shire Council	Technical Design Long Term Water Supply	Development of a technical design and costings of water supply infrastructure to improve sustainability of critical infrastructure and secure water supply	181,818	2018-19	2019-20	2
McKinlay Shire Council	Community Children's Services Hub	Development of a business case and detailed design for proposed infrastructure development of a Community Children's Services Hub in the township of Julia Creek	242,819	2018-19	2020-21	2

Recipient	Project title	Project description	Project cost (excl GST)	Project commenced	Project completed	Phase
Moreton Bay Regional Council	Prioritisation, Staging and Costing of Future Transport Infrastructure	Strategic transport planning investigation to identify, plan and secure future transport corridors in the short to medium term to preserve viable future transport options within the Moreton Bay Region	272,727	2018-19	In progress	2
Mornington Shire Council	Long Term Community Infrastructure Plan	Development of a Community Infrastructure Plan for Mornington Shire to 2040 that includes a review of existing infrastructure and infrastructure management plans and community consultation to identify infrastructure connections, gaps and opportunities in the shire.	136,364	2018-19	In progress	2
Mount Isa City Council	GIS Dataset	Development of an asset management system to operate a coordinated and integrated approach to manage the capital works planning across all council's functions	117,610	2018-19	2020-21	2
Mount Isa City Council	Mount Isa Transport and Logistics Centre	Development of a business case for the delivery of the Mount Isa Transport and Logistics Centre intended to diversify the local economy, support mining companies, enhance the competitiveness of transport and logistics, and provide opportunity for intensified agriculture in the region	344,116	2018-19	2019-20	2
Napranum Aboriginal Shire Council	Napranum Master Drainage Plan	A master drainage plan that provides a strategic direction for drainage throughout the community, a plan for rehabilitation and maintenance of essential drainage assets	21,600	2018-19	2019-20	2
Noosa Shire Council	Rufous Street Stage 3 Detailed Design	Development of a detailed design of stage 3 of Rufous Street Peregian Beach which includes a Digital Hub, additional public open space, a café, amenities, car parking, connectivity and a new Community House	113,636	2018-19	2020-21	2
North Burnett Regional Council	Monto Biohub	A feasibility study into establishing a Biohub for the treatment of agricultural and food industry waste to generate renewable energy and organic fertiliser products.	84,824	2017-18	2018-19	1
North Burnett Regional Council	Urban Biggenden Water	Development of a business case and detailed design for the proposed replacement of the Biggenden Water Treatment Plant and new pipeline infrastructure to ensure water security and improved water quality	380,000	2018-19	In progress	2
Palm Island Aboriginal Shire Council	Infrastructure Strategy and Program	Development of an infrastructure strategy and program that provides a strategic pipeline of infrastructure projects to underpin economic growth, support jobs and create long-term prosperity and liveability for all residents while meeting future capacity needs and community expectations	79,256	2018-19	2019-20	2
Paroo Shire Council	Council Administration Centre	Development of a detailed design for the replacement of the current Council Administration Centre building	227,273	2018-19	2020-21	2
Redland City Council	Cleveland Innovation Precinct	An investigation to determine the community need for an Innovation Precinct which may include a library, student hubs and incubator/accelerator spaces.	99,636	2017-18	2017-18	1

Recipient	Project title	Project description	Project cost (excl GST)	Project commenced	Project completed	Phase
Redland City Council	Strategic Service Planning	Strategic Service Planning to better understand existing levels of service, create alignment with strategic drivers and objectives, and develop and implement an evaluation model to inform infrastructure planning and portfolio prioritisation	87,000	2018-19	2020-21	2
Richmond Shire Council	Richmond Agricultural Project	Development of a business case and detailed design of the water diversion, weir and water storage for the Richmond irrigated Agriculture Precinct	1,227,273	2018-19	2019-20	2
Rockhampton Regional Council	North Rockhampton Sewage Treatment Plant - Stage 1 Augmentation	Development of a detailed design of the North Rockhampton Sewage Treatment Plan augmentation to ensure that Rockhampton has adequate sewage treatment capacity to meet the future needs of the community	227,273	2018-19	2019-20	2
Rockhampton Regional Council	Mount Morgan water supply security	An investigation into the options available to deliver water supply security for Mount Morgan, which will improve its resilience during periods of extended drought and provide the additional water resource required to underpin future population and economic growth.	62,006	2017-18	2018-19	1
Rockhampton Regional Council	Parkhurst strategic road network	A feasibility study to improve access to the growing community of Parkhurst - including solution to the North Coast Rail Line and Bruce Highway intersections.	75,633	2017-18	2018-19	1
Rockhampton Regional Council	Rockhampton regional industrial estate and intermodal logistics hub	A study of the potential options which will serve to highlight key infrastructure opportunities that will lead to greater strategic investment in the area.	71,574	2017-18	2018-19	1
Scenic Rim Regional Council	Beaudesert Library	Development of a business case and detailed design for the construction of a Central Library in Beaudesert that will provide a vibrant community hub promoting connectedness, engagement, lifelong learning, participation and inclusion for the Scenic Rim community	409,091	2018-19	2020-21	2
Scenic Rim Regional Council	Coulson crossing upgrade	A study to upgrade the Coulson crossing of Teviot Brook to provide a flood free crossing transport route.	172,008	2017-18	2018-19	1
South Burnett Regional Council	Regional Water and Wastewater Strategy	Development of a Regional Water and Wastewater Strategy, providing a review of the status of Council's assets and overall networks, and a plan for the sustainable upgrade and renewal of assets over a 10-year horizon	454,545	2018-19	In progress	2
Southern Downs Regional Council	Aerodromes Industrial Development	A feasibility study and design to determine the future utilisation of the Warwick and Stanthorpe aerodromes to provide industrial hubs that complement aviation industries	94,800	2018-19	2019-20	2
Southern Downs Regional Council	Allora Wastewater Project	An investigation into the demand and consider options to develop an affordable and sustainable wastewater or sewer infrastructure solution for the township of Allora.	38,895	2017-18	2017-18	1
Southern Downs Regional Council	Building renewable energy capacity in Southern Downs	An investigation into the opportunities for alternative power generation for the SDRC region that would support both maximisation of return on Council's	85,056	2017-18	2018-19	1

Recipient	Project title	Project description	Project cost (excl GST)	Project commenced	Project completed	Phase
		investment on existing assets and reduction of operating costs, for example for water and wastewater infrastructure.				
Southern Downs Regional Council	Condamine River Road - Upgrade of 14 river crossings	An investigation to determine the best solution to managing the flooding of the Condamine road crossings whilst meeting all stakeholder needs (including 4 wheel drive enthusiasts).	19,065	2017-18	2018-19	1
Southern Downs Regional Council	Morgan Park Effluent Reuse Water Pipe	An investigation of the service need for the supply of recycled water (Class A) from Warwick to Morgan Park to increase customer access to recycled water and guarantee supply for commercial use.	36,396	2017-18	2017-18	1
Southern Downs Regional Council	Warwick Heavy Vehicle Bypass	A feasibility study for a road that would by-pass the town of Warwick to divert heavy vehicles, using existing road corridors where possible.	241,950	2017-18	2019-20	1
Southern Downs Regional Council	Warwick Show and Rodeo Society Indoor Conference and Exhibition Facility	An investigation to determine the need to improve the existing showground facility to enable Warwick to service existing and new event organisers with a flexible indoor arena – attracting and servicing local, national & international events.	13,700	2017-18	2018-19	1
Sunshine Coast Regional Council	Sunshine Coast Exhibition and Convention Facility	Development of a business case for the proposed exhibition and convention facility in Precinct 2 of the Maroochydore Priority Development Area.	636,364	2018-19	2018-19	2
Tablelands Regional Council	Atherton Allied Health and Medical Services Precinct	An investigation into the demand for a hub within Atherton to service the region with allied health and medical services, which might include government services, human and community services, and a disaster centre.	87,787	2018-19	2018-19	1
Tablelands Regional Council	Ravenshoe Water Supply Scheme	An investigation of the options available to provide sustainable, safe and reliable water supplies to the Ravenshoe region consisting of the four communities of Ravenshoe, Millstream, Cassowary and Bellview.	54,029	2017-18	2018-19	1
Tablelands Regional Council	Water Business Strategy and Infrastructure Development Plan	Development of a water business strategy that will aid decision making, highlight options and point to efficiency gains that can be realised across the water infrastructure system of the Tablelands Regional Council	551,818	2018-19	2020-21	2
Toowoomba Regional Council	Boundary Street (North) Toowoomba Second Range Crossing Arterial Link	An investigation to determine the need to upgrade local roads to provide best possible connection between northern communities the Toowoomba CBD and the enterprise hub.	72,840	2017-18	2018-19	1
Toowoomba Regional Council	Highfields/Gowrie growth areas (Northern Communities) connection	An investigation into the options available for a link road and bridge that will join the second range crossing directly to the Highfields/Gowrie growth areas.	104,261	2017-18	2018-19	1

Recipient	Project title	Project description	Project cost (excl GST)	Project commenced	Project completed	Phase
Toowoomba Regional Council	Toowoomba Enterprise Hub central precinct connection	An investigation into the options available to upgrade a section of road (4-lanes) that will link the Toowoomba Enterprise Hub (including the Wellcamp Airport) to transport routes.	104,361	2017-18	2018-19	1
Toowoomba Regional Council	Toowoomba Regional Sports Precinct (Charlton)	Development of a business case for the proposed Toowoomba Regional Sports Precinct that will serve as the new sports and significant events venue for the region while supporting local clubs, school sports and visiting teams	454,545	2018-19	2020-21	2
Torres Shire Council	Council Building Assets Assessment	A comprehensive assessment and valuation of Council's Building Assets to inform Council's asset management requirements and future operational budgets	70,909	2018-19	In progress	2
Torres Shire Council	Water filtration and security of supply	An investigation of the options available to supply safe filtered water to the community that meets the requirements of the ADWG, and addresses the needs of the hospital for dialysis services.	196,116	2017-18	2017-18	1
Torres Strait Island Regional Council	Detailed Design for Mobile Waste Metal Shredder/ Compactor	Development of a business case and detailed design for enclosed incineration on 6 of the 11 island communities and specification of a mobile waste metal shredder/compactor	70,000	2018-19	2019-20	2
Townsville City Council	Long Term Water Security	Managed by Townsville water security taskforce, to develop options to secure the water supply to Townsville to manage growth in population and industry.	363,636	2017-18	2018-19	1
Townsville City Council	NQ Stadium Precinct	Development of a detailed design of additional pedestrian pathways, pedestrian bridges and additional road networks to be developed to provide a safe commute to and from the North Queensland Stadium Precinct	981,008	2018-19	2019-20	2
Townsville City Council	Townsville Entertainment and Convention Centre	An investigation into the options available to deliver an entertainment, exhibition and convention centre to revitalise the Townsville CBD.	290,060	2017-18	2018-19	1
Western Downs Regional Council	Strategic Tourism Infrastructure Master Planning	Development of a Strategic Masterplans for tourism infrastructure that can be further developed in the region to support destination tourism, enhance the experience for visitors and maximises natural assets	181,500	2018-19	2019-20	2
Whitsunday Regional Council	Essential Services Resilience Strategy Airlie Beach/ Cannonvale	Development of an essential services resilience strategy for the Airlie Beach and Cannonvale area that will enable Council to build on their traditional planning and integrate resilience into the planning framework	25,616	2018-19	2018-19	2
Woorabinda Aboriginal Shire Council	Service Station Upgrade Feasibility	A feasibility study for the upgrade of infrastructure at Council's Service Station facility improving safety, levels of community service with increased availability of fuel and support for future economic development in the region	2,273	2018-19	2018-19	2
Yarrabah Aboriginal Shire Council	Regional Transaction Centre	Investigation into the extension of the Rural Transaction Centre to provide additional commercial space and training rooms in support of vocational training and tertiary education services to Yarrabah	109,091	2018-19	In progress	2
