

QUESTION ON NOTICE

No. 1301

asked on Wednesday, 9 November 2022

MR P WEIR ASKED THE MINISTER FOR RESOURCES (HON S STEWART)—

QUESTION:

Will the Minister advise the volumes of gas mined in Queensland since 2015 (reported separately by year, facility and resource company)?

ANSWER:

Under the *Petroleum and Gas (Production and Safety) Act 2004* and the Petroleum and Gas (General Provisions) Regulation 2017, holders of petroleum leases are obligated to lodge a petroleum production report for the lease for each six-month period within 60 business days after the period ends.

The Department of Resources collates statistics from these reports and publishes them on the Queensland Government's Open Data Portal. The report is a living document that is revised and republished as further information is submitted to the department. The information in the tables below reflects the published information as at 9 December 2022 and may be subject to change in the future.

The full report is available at <https://www.data.qld.gov.au/dataset/petroleum-gas-production-and-reserve-statistics>.
