

Question on Notice

No. 216

Asked on 17 March 2022

MR J MCDONALD ASKED MINISTER FOR TRANSPORT AND MAIN ROADS (HON M BAILEY)—

QUESTION:

With reference to vehicle intercepts undertaken by Transport Inspectors for the period of January 2020 to date—

Will the Minister advise how many have been undertaken each month (reported separately by Vehicle Registration Category (i.e articulated truck, bus, light commercial, passenger car etc))?

ANSWER:

I thank the Member for Lockyer for the question.

The information requested by the Member for the period January 2020 to 28 February 2022 is provided in the following table. Figures in this table show the number of vehicle/trailer units that were inspected in total among all intercepts that occurred within that month. The registration category 'Other/Unknown' has vehicles/trailer where the category was unknown, for example dealer trade plates or conditionally-registered vehicles. Please note that an intercept can contain multiple vehicle/trailer units, for example, an intercept of a B Double, would be a prime mover (unit 1) and the two trailers (unit 2 and 3) within the same intercept. For this reason, the number of vehicles/trailers listed on this table are not the number of interceptions that occurred in that month.

2020
