No. 268

Asked on 29 March 2022

MR B MICKELBERG ASKED THE MINISTER FOR HEALTH AND AMBULANCE SERVICES (HON Y D'ATH)—

QUESTION

Will the Minister provide the performance level of each Hospital and Health Service, as assessed in meeting the key performance components as set out in the Queensland Health Performance and Accountability Framework 2020-2021, at 30 June 2021 and the mid-year review 2021-22?

ANSWER

The Department of Health continues to work in collaboration with each Hospital and Health Service to ensure high quality care for the people of Queensland. Each Hospital and Health Service is different and deals with different internal and external pressures on a daily basis, including but not limited to people going to hospital due to the lack of availability of general practitioners in Queensland.

I am advised that due to the Omicron COVID-19 surge in early 2022 the current reviews are still being undertaken. However, in respect to 30 June 2021, I have been advised the following:
