MR A POWELL ASKED MINISTER FOR TRANSPORT AND MAIN ROADS (HON M BAILEY)—

QUESTION:

With reference to the TMR Financial Sustainability Strategy referred to in Question on Notice No. 238 of 2022—

Will the Minister provide (a) a list all 'savings opportunities', (b) the potential financial saving for each opportunity and (c) whether the opportunity will be implemented?

ANSWER:

I thank the Member for Glass House for the question.

The Department of Transport and Main Roads (TMR) is currently progressing a number of savings opportunities under its Financial Sustainability Strategy (the Strategy) that will deliver more effective and efficient services to the community. As these opportunities have been considered as part of budget deliberations, they are Cabinet-in-Confidence and cannot be released.

The implementation of opportunities will be subject to stakeholder consultation and Government consideration where necessary. Savings opportunities implemented under the Strategy will continue to be achieved, without impacting on frontline service delivery and with consideration of the Government's commitment to public sector employment security.
