No. 671
Asked on Thursday, 23 June 2022

MR P WEIR ASKED MINISTER FOR ENERGY, RENEWABLES AND HYDROGEN AND MINISTER FOR PUBLIC WORKS AND PROCUREMENT (HON M DE BRENNI)

Will the Minister provide the details of how much it cost CS Energy and Stanwell Corporation each on average to generate 1GW hour of electricity in the March quarter 2022?

ANSWER

CS Energy and Stanwell Corporation each participate in the National Electricity Market. The National Electricity Market is a competitive market with both government owned and private corporation participation. Disclosing the cost information for CS Energy and Stanwell Corporation would put them at a competitive disadvantage and would negatively impact the operation of the market.
