No. 902

Asked on 31 August 2022

MR S BENNETT ASKED MINISTER FOR TRANSPORT AND MAIN ROADS (HON M BAILEY)—

QUESTION:

Will the Minister provide an update on upgrades outlined for the Walker Point Boat ramp including the previously advised concept feasibility investigations and costings for the provision of a breakwater ramp in the Queensland Transport Roads and Infrastructure Program (QTRIP)?

ANSWER:

I thank the Member for Burnett for the question.

As advised in the letter to the Member on 29 June 2021, the list of funded projects is published in the *Queensland Transport Roads and Investment Program (QTRIP) 2021–22 to 2024–25* and does not include an upgrade to the Walkers Point boat launching facility. The current QTRIP *2022–23 to 2025–26* also does not include funding for this upgrade.

An upgrade to the Walkers Point boat ramp, including concept feasibility investigations and costings for the provision of a breakwater, remains on the list of priority recreational boating projects for consideration in a future works program. Any upgrade to the landside facilities (including car-trailer parking) is the responsibility of Bundaberg Regional Council and a matter for its consideration.
