MS A CAMM ASKED THE MINISTER FOR HEALTH AND AMBULANCE SERVICES (HON Y D'ATH)—

QUESTION

Will the Minister provide confirmation that Mackay Hospital Health Service passed all requirements of the most recent year annual safety audit and if not what elements of the audit did not meet a pass standard?

ANSWER

It is unclear from the question as to what specific annual safety audit is being referred to by the Member.

I'm advised by Mackay Hospital and Health Service that they conduct a number of audits and/or compliance checks against various health, safety and wellbeing elements as part of their ongoing assurance activities.

Mackay Hospital and Health Service will continue to identify and action continuous improvement opportunities, including and importantly, in relation to safety and wellbeing.
