

Question on Notice

No. 1567

Asked on 29 November 2023

DR C ROWAN ASKED MINISTER FOR EDUCATION, MINISTER FOR INDUSTRIAL RELATIONS AND MINISTER FOR RACING (HON G GRACE)

QUESTION:

With reference to students with a disability and the two year transition to a new Students with Disability – Reasonable Adjustments Resourcing Model, with \$80.6m allocated in the 2022-23 budget—

Will the Minister advise how many additional teacher and teacher aides have been employed since 1 July 2022 based on adjustments made with the new model (reported separately by school and region)?

ANSWER: [MINISTER FOR EDUCATION AND MINISTER FOR YOUTH JUSTICE (HON D FARMER)]:

I thank the Member for the question.

On 18 December 2023, I was appointed as Minister for Education and Minister for Youth Justice and as such, I am now the responsible Minister to answer this Question.

As part of the 2022 State Budget, the Queensland Government has committed \$80.6 million to support the two-year transition to the new Students with disability – Reasonable adjustments resourcing model (RAR model).

The RAR model provides additional teachers and teacher aides to state schools based on the level of reasonable adjustments made for students, regardless of their type of disability.

In 2023, approximately 300 more teachers and 230 more teacher aides have been allocated directly to schools to support schools to make reasonable adjustments for students with disability.

Additional allocations by region expressed as full-time equivalents:

- Central Queensland: 14.1 teachers and 11.34 teacher aides;
- Darling Downs South West: 15.47 teachers and 12.15 teacher aides;
- Far North Queensland: 15.44 teachers and 11.18 teacher aides;
- Metropolitan North: 42.24 teachers and 33.76 teacher aides;
- Metropolitan South: 97.17 teachers and 75.51 teacher aides;
- North Coast: 30.93 teachers and 24.29 teacher aides;
- North Queensland: 13.53 teachers and 10.28 teacher aides; and
- South East: 63.85 teachers and 50.47 teacher aides.

A breakdown of additional allocations reported separately by school and region is available at **Attachment 1**.

Students with Disability – Reasonable Adjustment Resourcing model – 2022 to 2023 growth

NOTE:

*Allocations to Queensland state schools are determined following the annual school staffing enrolment collection (Day 8) which in 2023 occurred on 2 February 2023.

* The allocation variances identified below only include direct to school allocations from the Students with Disability – Reasonable Adjustment Resource allocation model. Regionally distributed allocations and post-Day 8 adjustments have not been included.

Allocation variance 2022 – 2023
