

Question on Notice
No. 1577
Asked on 29 November 2023

Mr J Bleijie asked Premier and Minister for the Olympic and Paralympic Games (Hon. A Palaszcuk)—

QUESTION:

Will the Premier provide a list of sites that are being considered for a new desalination plant?

ANSWER [Premier (Hon. Dr S Miles)]:

I am advised by the Department of the Premier and Cabinet, a detailed business case process for a desalination plant in the northern (Sunshine Coast) part of the SEQ Water grid is currently underway and will inform a preferred location.

I am advised that Seqwater will consult with the community as planning progresses.

Furthermore, as the Legislative Assembly noted in a motion it agreed to on 29 November 2023, it will not be on Bribie Island.
