MS A CAMM ASKED MINISTER FOR ENERGY, RENEWABLES AND HYDROGEN AND MINISTER FOR PUBLIC WORKS AND PROCUREMENT (HON M DE BRENNI)

Will the Minister list the number of QBuild employees listed as frontline or frontline support as of September 2022 (reported separately by Australian and New Zealand Standard Classification of Occupations code) and for each (a) the occupation code description and (b) gender breakdown?

ANSWER

The Public Sector Commission (PSC) is responsible for collecting and publishing the Minimum Obligatory Human Resource Information (MOHRI) on behalf of the Queensland Government.

The Department of Energy and Public Works (DEPW) validates this information prior to it being provided to the PSC on a quarterly basis. The September 2022 report was forwarded to PSC in October 2022.

DEPW adheres to the PSC procedure in supplying MOHRI. This data collection process requires human resource officers in DEPW to manually code on appointment, every FTE position within their agency with an Australian and New Zealand Standard Classification of Occupations code that best matches the duties of that position. As part of this manual coding process the human resource officers will also nominate employee gender breakdown.

Prior to publishing, the data sets submitted by DEPW are further validated by the PSC and if necessary, DEPW will work with the PSC to clarify specific roles.
