

Question on Notice

No. 650

Asked on 24 May 2023

MR S MINNIKIN ASKED MINISTER FOR TRANSPORT AND MAIN ROADS AND MINISTER FOR DIGITAL SERVICES (HON M BAILEY)—

QUESTION:

Will the Minister advise the number of days staffed school crossings have not been staffed due to the lack of availability of a school crossing supervisor (reported separately by year and by school) for the 2022 school year and 2023 school year (to date)?

ANSWER:

I thank the Member for Chatsworth for the question.

The Palaszczuk Government is committed to school safety and approved a significant boost to the School Crossing Supervisor Scheme, with 83 new school crossing supervisor positions commencing in the 2022–23, 2023–24 and 2024–25 financial years.

The Department of Transport and Main Roads (TMR) has delivered 25 new supervised school crossings over the 2022–23 financial year. As at the end of March 2023, there were 711 schools in the scheme and TMR was funding 1307 crossings staffed by around 2004 department funded school crossing supervisors.

COVID-19 introduced a range of challenges, such as staff illnesses, the management of a vulnerable workforce, and compliance with school vaccine mandates. These factors have had a significant impact on TMR's ability to effectively roster school crossing supervisors.

Supervision of school crossings is based on 194 school days in 2022 and 77 school days in 2023 (up to 26 May 2023). The number of days supervised school crossings were unstaffed for the 2022 and 2023 school years, follows.

In 2022, school crossings were staffed 97 per cent of the time and in 2023, school crossings were staffed 98 per cent of the time.
