The department is unable to provide a regional breakdown of expenditure for all years between 2012-13 and 2022-23.

\*It is noted that the department's expenditure figures in the *Queensland Budget Capital Expenditure Statement 2023-24* and as referred to in the question to the Minister breakdown the budgeted expenditure by statistical areas.

The department does not currently have records from which actual expenditure figures can be readily broken down to such a location level for every year for the period in the question.
