**MR R STEVENS** ASKED MINISTER FOR POLICE AND CORRECTIVE SERVICES AND MINISTER FOR FIRE AND EMERGENCY SERVICES (HON M RYAN)—

QUESTION:

With reference to QPrime Occurrences— Will the Minister provide the separate total (reported separately by Police Region) for (a) QPrime Occurrences with the 'status' of 'Investigation Continuing' and (b) QPrime Occurrences with the 'status' of 'Filed Pending Further Information'?

ANSWER:

I am advised by the Queensland Police Service (QPS) that *Investigation continuing* refers to an occurrence that has been forwarded to a case officer for investigation and *filed pending further information* is used when the occurrence has been investigated, all tasks have been completed, yet the crime remains unsolved.

I am advised by the QPS that is important to note that data provided below relates to both crime and non-crime type occurrences.

I am advised by the QPS that the number of occurrences reported to police between 1 January 2023 and 31 July 2023 in QPrime for (a) the status of investigation continuing and (b) filed pending further information are as follows:

In Brisbane Region, there were 11,338 occurrences with a status of investigation continuing and 28,176 occurrences with a status of filed pending further information.

In Central Region, there were 3,746 occurrences with a status of investigation continuing and 8,477 occurrences with a status of filed pending further information.

In Far Northern Region, there were 450 occurrences with a status of investigation continuing and 6,929 occurrences with a status of filed pending further information.

In North Coast Region, there were 7,573 occurrences with a status of investigation continuing and 16,488 occurrences with a status of filed pending further information.

In Northern Region, there were 4,605 occurrences with a status of investigation continuing and 8,881 occurrences with a status of filed pending further information.

In South Eastern Region, there were 9,192 occurrences with a status of investigation continuing and 24,277 occurrences with a status of filed pending further information.

In Southern Region, there were 6,973 occurrences with a status of investigation continuing and 9,935 occurrences with a status of filed pending further information.
