

Question on Notice

No. 994

Asked on 24 August 2023

MR D PURDIE ASKED MINISTER FOR HEALTH, MENTAL HEALTH AND AMBULANCE SERVICES AND MINISTER FOR WOMEN (HON S FENTIMAN)—

QUESTION

With reference to answer to Question on Notice No. 434 of 2022—

Will the Minister provide the percentage of Patient Off Stretcher Times (POST) achieved within 30 minutes for each hospital which collects POST data as listed on the 'Queensland Reporting Hospitals' website (reported separately by calendar month and each reportable hospital) for July 2023?

ANSWER

The Palaszczuk Government is publishing more data about Queensland's hospital system than ever before, on the refreshed Hospital Performance website.

For the first time ever, we are regularly releasing monthly POST, Tier 3 data, specialist outpatient trend lines, long stay patient numbers, and ambulance response times.

The Hospital Performance website can be accessed at www.performance.health.qld.gov.au, and currently provides POST for the June 2023 quarter.

The POST data for July 2023 will be released when the next round of quarterly data is published.
