ANSWER:

The Crisafulli Government is committed to restoring safety in Queensland homes, workplaces and communities.

The Making Queensland Safer Plan is well underway. On 13 December 2024, the Making Queensland Safer Laws became law.

In addition to these laws, the Making Queensland Safer Plan includes an additional \$485 million investment in early intervention, crime prevention and rehabilitation programs, including \$50 million for nine Regional Reset Programs which will provide early intervention residential programs to provide intensive support for at-risk young people who require a higher level of care than some community-based programs can provide.

The tender process for Regional Reset is set to occur as soon as possible.
