

Question on Notice

No. 158

Asked on 6 March 2024

MR J MCDONALD ASKED MINISTER FOR HEALTH, MENTAL HEALTH AND AMBULANCE SERVICES AND MINISTER FOR WOMEN (HON S FENTIMAN)—

QUESTION

With reference to the closure of the gymnasium/exercise facility at the Laidley Hospital—

Will the Minister advise when this facility will reopen and what alternative arrangements are in place to accommodate the needs of our community?

ANSWER

The Laidley gymnasium closed during the COVID-19 pandemic due to a combination of the limited space to maintain social distancing and the restrictions surrounding COVID-19.

The gymnasium has been open since the removal of the restrictions and is used when deemed clinically appropriate in the management and ongoing care of the individual patient.
