DR A MACMAHON ASKED DEPUTY PREMIER, TREASURER AND MINISTER FOR TRADE AND INVESTMENT (HON C DICK)—

QUESTION:

With reference to residential land supply and development data collected by the Queensland Government Statistician's Office (QGSO)—

Will the Treasurer advise (a) is the working definition of vacant urban land used by the QGSO and (b) the total area, value, and number of lots of vacant urban land in Queensland?

ANSWER:

I am advised that the working definition of vacant urban land used by QGSO is vacant land sold in city or town areas with access to municipal sewer and water infrastructure.

Further, I am advised QGSO does not produce estimates of the total area, value, and number of lots of vacant urban land in Queensland.
