Answer Due: Monday, 20 May 2024

466 **MR S ANDREW** ASKED PREMIER (HON S MILES)

With reference to predictions that hotel accommodation costs in Brisbane will skyrocket during the 2032 Games—

Will the Premier advise (a) if an 'Accommodation Plan' has been formulated to protect the rights of Queensland's rural, regional and remote patients, needing to travel to Brisbane for medical care across those four weeks and (b) what contingencies will be put in place to ensure these patients, their carers and families have ample access to affordable accommodation, including parking, during the Games period?
