**MRS L GERBER** ASKED MINISTER FOR EDUCATION AND YOUTH JUSTICE (HON D FARMER)

### **QUESTION:**

Will the Minister provide the number of young offenders who have had a serious repeat offender index above 10 at any time in the last 12 months?

### **ANSWER:**

The Serious Repeat Offender Index (SROI) is a screening tool developed by the Department of Youth Justice for identifying serious and prolific offenders who require especially intense service responses.

Between 1 January 2023 and 31 December 2023, there were 327 young offenders (i.e., young people with a finalised proven offence over the period) who had a SROI score of 10 or more.
