MR N DAMETTO ASKED MINISTER FOR POLICE AND COMMUNITY SAFETY (HON M RYAN)—

QUESTION:

With reference to suppressors being available for occupational users of firearms in most other states, and also noting that Worksafe New South Wales has offered rebates for professionals utilising suppressors on grounds that they significantly enhance WHS outcomes, and noting that QCAT has recommended a change in legislation to enable suppressor use in Queensland by occupational users—

Will the Minister consider implementing a similar scheme in Queensland to that which currently exists in New South Wales whereby occupational users can be issued with permits to possess and utilise suppressors for their occupational requirements?

ANSWER:

I refer the Member to the response to Question on Notice No. 738 of 2024.
